INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Madison Children's Museum, Inc. and Affiliate Madison, Wisconsin

We have audited the accompanying consolidated financial statements of Madison Children's Museum, Inc. and Affiliate, which comprise the consolidated statements of financial position as of June 30, 2019 and 2018, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Madison Children's Museum, Inc. and Affiliate as of June 30, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the consolidated financial statements, in fiscal 2019, the organization adopted new accounting guidance for the presentation of consolidated financial statements of Not-for-Profit entities. Our opinion is not modified with respect to this matter.

NOTE A -- Nature of business and significant accounting policies

Nature of business

Madison Children's Museum, Inc. (the Museum), located in Madison, Wisconsin is a non-profit organization dedicated to discovery learning for children and families. Hands-on exhibits and special events allow children to explore culture, science, technology, and art. The Museum stimulates creativity and curiosity through its exhibits and programs, encourages the potential found within all children, and enhances family activities and classroom study. The Museum's affiliate, Madison Children's Museum Foundation, Inc. (Foundation) was organized in 2002 for the benefit of the Museum. The Foundation receives, manages, and disburses funds intended to benefit the Museum in accordance with the terms of the agreement between the two organizations. The Museum and its affiliate are collectively referred to herein as "the organization".

A summary of significant accounting policies follows:

Basis of accounting

The consolidated financial statements of the organization have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

Basis of consolidation

The consolidated financial statements include the accounts of the Museum and Foundation. The Foundation is consolidated since the Museum has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing body. All material intraentity transactions have been eliminated.

Basis of presentation

Under accounting principles generally accepted in the United States of America (U.S. GAAP), the organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Designations are voluntary board-approved segregations of net assets without donor restrictions for specific purposes, projects, or investments.

Net assets with donor restrictions have been limited by donor-imposed time restrictions, purpose restrictions or are maintained by the Foundation in perpetuity. Unless restricted by the donor, income earned on these funds are considered without restriction and may be used at the Foundation's discretion.

Use of estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2019

NOTE A -- Nature of business and significant accounting policies (Continued)

Exempt status

The Museum and Foundation are exempt from income taxes under Internal Revenue Code Section 501(c)(3) as public charities and not private foundations. The Foundation is a supporting organization of the Museum. Both entities are also exempt from Wisconsin income tax.

Cash and cash equivalents

For purposes of reporting cash flows, the organization considers all investments purchased with a maturity of three months or less to be cash equivalents, with the exception of cash not available to the organization due to restrictions placed on it.

The organization maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The organization has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Investments

Purchased investments are recorded at fair value, and donated investments are recorded as contributions at fair value on the date of receipt. Realized gains and losses on sales of investments are determined on the basis of specific identification of the cost of the security sold. Investment return is reported in the consolidated statement of activities and consists of interest income and realized and unrealized gains and losses. There are no material investment expenses.

Pledges receivable

Unconditional pledges are recognized as support or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional pledges are recognized only when the conditions on which they depend are substantially met and the pledges become unconditional.

Accounts receivable

The organization considers all accounts receivable to be fully collectible. Accordingly, no allowance for doubtful accounts has been developed. If amounts become uncollectible, they will be charged to operations when that determination is made. Accounts receivable are not interest bearing. A receivable is considered past due if payments have not been received by the organization after 30 days.

Inventories

Inventories consist of donated items that are sold in the annual benefit sale (see Note N) and items sold at the gift counter of the Museum.

The donated items are recognized as inventory and revenue when they are in a saleable condition. The donated inventory is stated at its estimated selling price and adjusted based on subsequent sales at the annual benefit sale held in July. The value of unsold inventory carried over from the prior year sale is subsequently adjusted based on selling prices in the next sale. This adjustment is reflected in the consolidated statement of activities as an inventory value adjustment.

The gift counter inventory is stated at lower of cost or net realizable value, with cost determined by the average cost method.

June 30, 2019

NOTE A -- Nature of business and significant accounting policies (Continued)

Property and equipment

Property and equipment is stated at cost if purchased or fair value on date of receipt if received as a gift or bequest, less accumulated depreciation. Depreciation of property and equipment is computed by the straight-line method based on the following estimated useful lives.

	Years
Building, improvements, and exhibits	3 - 40
Leasehold improvements	7 - 10
Equipment	3 - 7

Maintenance and repairs of property and equipment are charged to operations, and major improvements are capitalized. Upon retirement, sale or other disposition of equipment, the cost and accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is included in operations.

Depreciation expense amounted to \$454,605 and \$456,908 for the years ended June 30, 2019 and 2018, respectively.

Capitalization policy

The organization's policy is to capitalize property and equipment with a unit cost in excess of \$2,500 and a useful life of more than a year.

Impairment of long-lived assets

The organization reviews long-lived assets for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. To date, there have been no such losses.

Note receivable

Note receivable is stated at its outstanding unpaid principal balance. On a periodic basis, the organization evaluates its receivables. Principal and accrued interest is considered past due if payment is not made within 15 days of its due date. If it should become necessary, an allowance for uncollectible accounts would be established. Similarly, if an account would no longer be considered collectible by management, it would be written-off. Interest income on the note is accrued over the term of the note based on the principal amount outstanding. Interest income on the note is recognized in the period earned and is included in investment return on the consolidated statement of activities.

Debt issuance costs

In October 2011, the organization refinanced its Park Bank mortgage using loans provided through the New Markets Tax Credit program. Debt issuance costs totaled \$255,042 and were being amortized on the straight-line method over 84 months, the life of the loans, which matured in November 2018. The use of the straight-line method rather than the effective interest method has no material effect on the consolidated financial statements. Amortized costs included in interest expense totaled \$12,143 and \$36,435 for the years ended June 30, 2019 and 2018, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2019

NOTE A -- Nature of business and significant accounting policies (Continued)

Due to American Girl's Fund for Children

Due to American Girl's Fund for Children is recorded at 50% of the ending benefit sale inventory amount due to the fact that the Museum is obligated to pay 50% of sales from the Annual Benefit Sale to the American Girl's Fund for Children (see Note N).

Deferred revenue

Deferred revenue represents fees for facility rental or registrations/ticket sales for events that will take place in the next fiscal year.

Revenue recognition

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions support, depending on the existence and/or nature of any donor restrictions.

Donor-restricted support is reported as an increase in net assets with donor restrictions, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished, such as the payment of expenses related to the restriction), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the organization reports the support as net assets without donor restrictions.

Membership dues are recognized as revenue when received by the organization. Other revenue is recognized when earned by the organization.

Investment return is reported as an increase or decrease in net assets without donor restrictions unless explicitly restricted by donors.

Donated services and materials

Donated services that create or enhance non-financial assets or that require specialized skill, are performed by people with those skills, and would otherwise be purchased, are recognized as contributions at their estimated fair value in the period received. Volunteers also perform a variety of tasks that assist the organization with various programs and activities that are not recognized as contributions in the consolidated financial statements since the recognition criteria were not met. Donated materials received that are not related to the annual benefit sale are recorded at their estimated fair value in the period received.

Sales tax

The State of Wisconsin and Dane County impose a combined sales tax of 5.5% on the organization's sales to nonexempt customers. The organization collects that sales tax from customers and remits the entire amount to the State. The organization's accounting policy is to exclude the tax collected and remitted to the State from revenue and cost of sales.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2019

NOTE A -- Nature of business and significant accounting policies (Continued)

Expense allocation

The consolidated financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Each employee of the organization works in a primary program area. Salaries and benefits are allocated on the basis of the department assignments of the employees. Occupancy costs and depreciation are allocated on a square footage basis. Other non-personnel expenses are attributed to individual programs or supporting function. In certain instances, a portion of the expense is identifiable with a specific program, while the remaining amount is allocated to management and general and/or fundraising.

Program services

The organization's significant program services consist of the following:

Exhibit programs

Exhibit programs are a primary means by which the organization accomplishes its tax-exempt mission. Exhibit programs comprise research development of interactive exhibits and the physical design, construction, installation, maintenance, and evaluation of exhibits. The organization actively solicits community input to ensure that information and issues presented are current, factual, and developmentally appropriate. Exhibit programs are integrated with education initiatives and are based on accepted learning theories, employing a broad range of educational methodologies to stimulate curiosity and motivate learning. The organization collaborates with its community to ensure that education initiatives and exhibits meet community needs and provide quality educational resources and experiences for children, their families, teachers, and care givers. Exhibit programs are developed in conjunction with Education and Marketing and Visitor Services.

Education

Education programs comprise the organization's education programming and visitor/participant experience. Education programs are designed and implemented to advance the organization's tax- exempt purpose, mission, and values. The Education Department works closely with the Exhibit and Marketing and Visitor Services programs to assure integrated, educationally rich, visitor-focused environments and experiences. The Education Department helps the organization reach its institutional goals by facilitating visitor learning and enjoyment within the organization and in community outreach activities.

Marketing and visitor services

The marketing and visitor services program provides the organization's constituencies with convenient ways to access a broad range of museum educational exhibits, programs, and services. The program comprises areas of public relations, media relations, advertising, promotion, outreach, and publications. Rental of the facility for private gatherings helps to extend the reach of the mission to a wide age range, supporting lifelong learning and strengthening social bonds. Programs are designed and implemented to make the museum accessible and attractive to the broadest possible audience.

Capital expansion project

The capital expansion project is part of a master plan to renovate and expand the museum. The current year's activity consists primarily of contracted services expenses for fundraising and building/exhibits design.

Advertising

The organization uses advertising to promote its programs among the audiences it serves. Advertising costs are expensed as incurred. Advertising expense was \$25,192 and \$52,859 for the years ended June 30, 2019 and 2018, respectively.

New accounting pronouncement

On August 18, 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. The organization has adjusted the presentation of its consolidated financial statements accordingly. The new standards change the following aspects of the organization's consolidated financial statements:

- a. The temporarily restricted and permanently restricted net asset classes have been combined into a single net asset class called net assets with donor restrictions.
- b. The unrestricted net asset class has been renamed net assets without donor restrictions.
- c. The consolidated financial statements include a new disclosure about liquidity and availability of resources (Note P).

Accounting standards updates

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, that introduced a comprehensive, principles-based framework for recognizing revenue. The guidance is intended to provide a more robust framework for addressing revenue issues, improve comparability of revenue recognition practices and improve disclosure requirements. In August 2015, the FASB issued a deferral of this new guidance and, as such, the new guidance is effective for the organization for the fiscal year ending June 30, 2020. The organization is currently evaluating the effects of this new standard and has not determined the impact on its financial statements at this time.

Reclassifications

Some items in the 2018 consolidated financial statements have been reclassified to be consistent with the current year's presentation.

Subsequent events

These consolidated financial statements have not been updated for subsequent events occurring after October 3, 2019, which is the date these consolidated financial statements were available to be issued. The organization has no responsibility to update these consolidated financial statements for events and circumstances occurring after this date.

NOTE K -- Operating lease

The organization leases warehouse space to store donated inventory and as the location for its annual benefit sale. The lease expired October 2017 with two automatic 5-year renewal terms through September 2027, provided the Museum has not given prior notice of vacating or is in default under the lease agreement. The Museum has not given prior notice, therefore, the first automatic renewal term commenced October 2017. The lease requires monthly rent payments of \$4,245 (commencing October 2012), subject to annual increases equal to the change in the Consumer Price Index over the previous year (current monthly rent payments of \$4,646 as of June 30, 2019). In addition, the lease requires additional rent as reimbursement for the organization's share of the warehouse real estate taxes and operating expenses. Total rent expense, including the additional rent for the organization's share of real estate taxes and operating expenses, was \$86,093 and \$83,720 during the years ended June 30, 2019 and 2018, respectively.

Future minimum lease payments under this lease are as follows:

The organization has four Endowment Funds (Funds) that are operated as a component part of Madison Community Foundation, numbered 1030590, 1030591, 1030592, and 1030772. Fund 1030590, the Fund for the Future, holds gifts to an endowment that were matched dollar for dollar by a board member, up to \$500,000. Fund 1030772, the Pleasant Rowland Great Performance Fund, is a challenge grant fund that was matched dollar for dollar, up to \$2,000,000. Fund 1030591 holds the original donations toward the Great Performance Fund which were matched as described above. Fund 1030592 holds all gifts to endowment outside of the three funds mentioned.

Annual distributions of up to 4.75% of a rolling twenty-quarter average are available for operations. All other interest and appreciation is reinvested into the Funds. Principal may not be drawn from the Funds except with approval from the Madison Community Foundation's Board of Governors. The Madison Community Foundation has variance power that allows it to modify the donors' stipulations under certain circumstances. Due to these restrictions, the Funds have not been recorded in the organization's consolidated financial statements.

The fair values at June 30, 2019 and 2018 were as follows:

NOTE N -- Annual Benefit Sale

The organization has an agreement with American Girl Brands, LLC for the Annual Benefit Sale. Under this agreement, American Girl Brands, LLC will donate damaged, excess, and returned merchandise to the organization for repair and sale. The organization will organize a group of volunteers who will repair and organize the merchandise and implement a large-scale benefit sale. Revenue from the sale, less applicable sales taxes and bank charges, will be divided equally between the American Girl's Fund for Children Foundation and the organization. The organization treats this as an agency transaction. In the event net revenue from the Annual Benefit Sale exceeds \$1.5 million or if the organization's portion of net revenue comprises over 35% of their annual support and revenue, American Girl Brands, LLC shall have the option to reinstate the matching principles for future benefit sales as they had been applied during past sales. Either party can terminate the agreement with written notice. However, upon termination of this agreement, American Girl Brands, LLC shall continue adhering to these terms with the organization for an additional two years. Annual benefit sale revenue also includes income from ticket sales and sales of merchandise donated by other corporations directly to the organization.

The following summarizes the Annual Benefit Sale revenue amount included in the consolidated statements of activities:

		2019	 2018
Gross receipts Less: Sales tax and bank charges	\$	1,108,158 73,120	\$ 929,337 64,078

NOTE O -- Maturing note payable

As disclosed in Note G, the organization has a note payable due in May 2020. As shown in the accompanying consolidated financial statements, the organization does not have sufficient cash or reserves and is not generating enough operating cash flow to repay the note payable when due. Management of the organization has evaluated this condition and plans to refinance the note prior to its maturity, which would alleviate this uncertainty.

NOTE P -- Availability of financial assets and liquidity

The organization has \$85,456 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures consisting of cash of \$24,973, pledges receivable of \$50,417 and accounts receivable of \$10,066. None of these financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditures within one year of the statement of financial position date. The pledges receivable are subject to implied time restrictions but are expected to be collected within one year. The balance of pledges receivable are restricted by donors for specific purposes or have a time restriction of more than a year and are not available for general expenditures.

The organization structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The organization considers financial assets whose use is limited by board designation for the building system replacements and maintenance to also be available for general expenditures, if needed. In addition, as part of its liquidity management, the organization has access to a \$400,000 available line of credit (see Note H) which is used to manage cash flow volatility throughout the year, of which \$220,000 has been drawn upon as of June 30, 2019.
