ASTC RESTRICTIONS

- Based on your science center's or museum's location: Science centers or museums located within 90 miles of each other are excluded from the Travel Passport Program unless that exclusion is lifted by mutual agreement. 90 miles is measured 'as the crow flies.'
- Based on residence: To receive Travel Passport Program benefits, you must live more than 90 miles away from the center/museum you wish to visit. Admissions staff reserve the right to request proof of residence for benefits to apply. Science centers and museums requesting proof of residence are indicated by (IDs).

Visit astc.org to find out which and how many family members receive free admission. Ninety miles is measured "as the crow flies" and not by driving distance. Some exceptions apply. Call ahead to ensure your benefits. Always bring a current member card displaying the ASTC logo.
