Membership Information

CHILDCARE MEMBERSHIP TERMS

- Membership is for 9 children and 3 named adults.
- Any of the named adults may visit with a group of up to 9 children and up to 3 chaperones total (group leader and two other adults) without making an advance reservation.
- All groups are required to bring a minimum of one adult chaperone for every 5 children in attendance.

OTHER MEMBERSHIP TERMS

- 1 named adult functions as the membership contact and primary member.
- Memberships **may not** be shared between classrooms, but multiple teachers may join the same membership as long as the total number of children in all classrooms combined does not exceed maximum number of covered children on the membership level.
- Classroom members must make a reservation at least 72 hours in advance of any visit to ensure adequate staffing. Reservations may be made with the registration coordinator by email at registration@madisonchildrensmuseum.org.
- Groups may be accompanied by unnamed free adults, up to a ratio of one chaperone for every 3 children covered by the membership. Maximum chaperones are 8 adults for Classroom membership, 16 for Classroom Plus, 24 for School, and 32 for School Plus. These adult numbers apply to every group visit, even visits when there are fewer than the maximum number of covered children in attendance (e.g. a Classroom group with only 15 children in attendance, can still bring up to 8 free adults.)
- All groups are required to bring a minimum of one adult chaperone for every 5 children in attendance.
